GENERAL INFORMATION

- (1) Temporary slip tie is available. Mooring lines must be on board prior to launch / delivery date. If lines are missing or in questionable condition, new lines will be installed and billed to the customer.
- (2) Owner is responsible for reviewing and securing dock lines within 24 hours of launch / delivery.
- (3) Canvas snap service includes replacement of broken snaps on canvas only. Broken snaps located on the boat may require fiberglass repair not included in this service. This service does not include patching or sewing. Quotes for complete canvas repair are available upon request.

CLEANING / DETAILING SERVICES

- (1) Detailing must be scheduled a minimum of 5 weeks in advance.
- (2) Basic boat washing does not include waxing or compounding.
- (3) Boats 40' and over, please inquire with the service department for a detailing quote.
- (4) Additional charges will apply if hull sides need compounding.
- (5) Additional charges will apply for detailing brightwork and or fly bridges.

BOTTOM PAINTING SERVICES

- (1) Soda Blasting Service includes prep and clean up. This service does not include re-painting or repair of any fiberglass damage that may become present during soda blasting.
- (2) Outside contractors are not permitted to bottom paint customer's boat.
- (3) It is the responsibility of the boat owner to inform Ocean Beach Marine Centers in writing if the boat was previously painted with ablative bottom paint. (Micron paint must be used again since it is the only paint that will adhere to bottoms previously painted with ablative paint.)
- (4) Boat bottoms will be painted the same color as the existing color with Interlux Fiberglass Bottomkote NT or Micron CSC. If you would like a different paint / color, please specify in the "special instructions" box.

INBOARD SHAFT DRIVEN SERVICES

- (1) A shaft "run-out" reading will be provided to customer upon propeller removal.
- (2) Cutlass bearing service also includes removal of propeller and dial indication of shaft. Please note the \$375 fee is a flat rate based on the services described. This rate does not include sanding / scraping of the propeller shaft, or any other services that may need to be performed in order to replace the cutlass bearing. Customer to be provided a supplemental estimate for any additional services or unforeseen items that may present themselves during the removal or re-installation of cutlass bearing.
- (3) Please note that shaft / rudder packing service may require additional adjustment once the boat is launched. The packing fee includes one adjustment upon launch. If additional adjustments are needed they will be performed on a time and material basis.
- (4) Engine alignment will only be adjusted as far as engine mounts / transmission mounts will allow. Additional charges may apply if unforeseen items present themselves during alignment / adjustment.

OUTBOARD / STERNDRIVE GEAR CASE SERVICES

- (1) Stern drive service includes removal / re-installation, inspection of gimbal bearing, universal joints, bellows, shift shaft bushings, etc. Gear lube is drained and re-filled, universal joints and all zerk fittings are greased.

ENGINE SERVICES

- (1) Battery service includes cleaning battery terminals, adding distilled water (if applicable), charging and connecting. Customer to be contacted if batteries are in need of replacement.
- (2) Stern drive / inboard / generator tune up service defined as installation of new spark plugs, new distributor cap and rotor (where applicable), and overall inspections / adjustments of ignition, fuel, cable and cooling systems. Sea trial included.
- (3) Outboard tune up service defined as installation of new spark plugs, compression test, inspection of ignition, fuel, trim, cooling systems, propeller and adjustment of control cables, idle speed / mixture screws and oil pump link rod (where applicable). Sea trial included.

WATER SYSTEM SERVICES

- (1) Commissioning fresh water systems consists of adding fresh water to tank, testing system for proper operation, cleaning fresh water filter screen and inspecting for leaks. Fresh water treatment / deodorizer included in this service.
- (2) Commissioning raw water system consists of through hull inspection and checking for proper pump operation.

SERVICES MUST BE SCHEDULED AT LEAST 5 WEEKS IN ADVANCE TO ENSURE EVERY CUSTOMER RECEIVES THE ATTENTION AND SERVICE THAT IS RIGHTFULLY DESERVED

FORM MUST BE RETURNED BY APRIL 15th OR STORAGE CHARGES WILL APPLY

OUTSIDE CONTRACTORS ARE NOT PERMITTED ON PREMESIS
