## Recommended service to do to EVERY BOAT:

Winterize engine

Remove outdrive - Change gear oil, grease prop, Inspect (Stern drive and outboard only)

Replace primary water separator fuel filter

Change 4 cycle oil + filter (Generators as well as all engines)

Replace Water pump (recommended every 3 years)

Disconnect batteries

Shrink wrap boat

## What kind of engine do I have? (Sterndrive/IOs, Outboard, Inboard)

Does your boat have a sink on board? If yes, the below services should ALSO be completed:

Winterize head system

Winterize freshwater systems

Winterize ice maker

Winterize air conditioner (If applicable for live aboard models)

Winterize live wells, washdowns, and fish boxes

IF your boat has a generator, it is recommended to have the oil changed on the unit and winterize it once completed
